January 2012

You should recently have received the Kidderminster CTC Rides lists and Winter Evening Programme for spring 2012. If you've not yet received these, please contact our new secretary Derek Skinner on derek.skinner@kidderminsterctc.org.uk or 01299 896820.

The lists contain a mixture of rides and other special events and includes a Winter Wander joint A/C ride, local Audax rides and a YHA weekend tour. It also includes rides to varied destinations such as a chapel, snowdrops, daffodils, reservoir, windmills, and a gate!

The committee have recently developed a questionnaire to find out about your cycling preferences. We'd really appreciate your response so that we can align club activities with the type of cycling you do. The questionnaire is available online at www.surveymonkey.com/s/MWP36LX and paper copies can be posted on request. Please contact myself for further information - my contact details are above.

We are hoping to place a bulk order for club cycling clothing shortly as orders of 10 or more items attract a substantial discount. If you are placing an order for your first item of club clothing then the club will subsidise a single item by 10%. Please contact myself before 31st January for further details or if you would like to place an order.

Happy New Year and best wishes for a good cycling season in 2012,

Dan

Dan Howard
Chairman
Kidderminster CTC
